Special Investigations Operation Nets Drugs; Leads to Several Arrests

Pueblo, CO: A Special Investigations Operation recently conducted by the Pueblo County Sheriff's Office resulted in the seizure of drugs and several arrests.

The hours-long operation led to 18 traffic stops, resulting in the seizure of at least 7 grams of methamphetamine, more than 30 Fentanyl pills, and four arrests. Two of the arrests were for outstanding warrants, including a no-bond warrant out of New Mexico. One arrest was the result of a new drug charge, and the other arrest included new charges as well as an outstanding warrant. Two guns were also located.

The names of those arrested and the location of the mission are not being disclosed as this is an ongoing and active investigation.

"As we prepare to head into summer, we know there tends to be an increase in criminal activity, but with missions like this, we're sending a message that we're going to be out there looking for those who are engaging in illegal activity," said Pueblo County Sheriff David J. Lucero. "Our priority is to keep our streets safe and to hold accountable those who are involved in criminal activity and the sale of drugs in our community."
